Project Summary

Overview: Design 1

This is my first output in the Web Design and Development subject when I was in 2nd Year. This covers my personal blogging site with 3 navigation menus. The website was created with HTML and CSS. This contains Image slider, my portfolio which tells my biography, image gallery and footer.

The Website is responsive since it fits what ever devices you are using.

The features of the system will allow the users to upload, download, share and submit documents. The was developed using PHP, Bootstrap, Ajax, HTML, CSS, and Javascript.

ABOUT PAGE

My Autobiograhpy

Hi ! My name is Jhon Kenneth C. Eitanal, a 20 years old stunner from Libo ,Tuburan,Cebu. I am the eldest son of Daniel Eitanal and Hazel Eitanal , we are 5 in the family including my Mom and Dad. I love exploring things that are related to Computers that's why I take up this course called Information Technology.I'm currently enrolled at Cebu Technological University,Tuburan Campus. And I also love reading books like Wattpads, E-books and etc. There are a lot of things I like and that I don't like. I like to have fun with my friends, I like playing mobile games but what I really love the most is Jokes, I tell jokes but sometimes I do jokes. I like taking care of my cat and babysit on it, because seeing my Cat makes my day, I don't know why I love Cats but one thing is for sure that they are so caring and lovely. I hate Snakes because it makes me really sick by the mention of its name. Like I told you before there are a lot of things that I don't like and some things that I like. Throughout the years I had encountered a lot of obstacles despite of those funny faces that you have seen upon me but still I am able to handle them because I believe that challenges are just a test in order for you to know the real meaning of what Life is.. I Thank you for reading and God Bless!!
